2014 Calendar:

City Council
Tuesday, May 20
Regular Meeting – 7 pm
Gilbertson Board Room
1601 Avenue D

<http://www.snohomishwa.gov/AgendaCenter/ViewFile/Agenda/05202014-423>

Traffic Impacts Expected for Second Street Closure (Avenue D to Cedar Avenue)

Motorists are advised that street work scheduled to begin Wednesday, May 28th, will impact traffic along Second Street in Snohomish. Expect traffic detours and delays in the area on May 28th and 29th.

On Wednesday, May 28th, the existing pavement along the Second Street corridor between Avenue D and Cedar Avenue, will be ground down in preparation for an asphalt overlay. Second Street will be closed from 7:30 a.m. to 5:00 p.m. as this work is performed. Please be aware of and follow the detour signs if you are traveling in this area on May 28th and 29th.

On Thursday, May 29th, Second Street will be closed from 7:30 a.m. to 5:00 p.m. for the asphalt overlay as part of the Second Street Overlay Project. By closing Second Street, the contractor will be able to complete the overlay in one day instead of over multiple days. This will minimize the cumulative amount of traffic impacts. Reader boards announcing the closures will be placed at various locations including Second Street, Maple Avenue, and Avenue D. A detour route through Fourth Street via Maple Avenue and Avenue D will be set up on May 28th and May 29th.

This schedule is dependent on the weather.

Please contact Andrew Sics (360-282-3174) or Tim Cross (360-282-3193) if you have any questions or concerns regarding this project.

Community Emergency Response Training Offered Free by Snohomish Fire District 4

During a disaster, emergency services will be overwhelmed with requests for help. Residents of the Snohomish area are invited to participate in emergency training to build local disaster resources. These resources are called Community Emergency Response Teams (CERT). CERT training teaches you how to survive a major disaster and then provide assistance to friends and neighbors.

May 16, 2014

www.snohomishwa.gov

Subjects covered by this training include lessons on disaster preparedness, fire suppression, medical assistance, search and rescue, disaster psychology, and other skills that are needed after a disaster. The final class session will include a mock disaster in which students get a chance to practice their new skills.

Below is the schedule for the public CERT class and continuing education classes for previous CERT students. If you are interested, email snohomishcert@gmail.com.
