2014 Calendar:

No meetings scheduled week of July 28th

31st Annual *National Night Out*

Take Back Your Neighborhood

The Public Safety Commission for the City of Snohomish is encouraging City residents to participate in the 31st annual *National Night Out* celebration this August 5th. *National Night Out* 2013 involved over 37.8 million people in 16,242 communities from all 50 states, U.S. territories, Canadian cities, and military bases worldwide. *National Night Out* 2014 is expected to be the largest ever.

National Night Out, a yearlong community building campaign, is designed to: (1) heighten crime prevention awareness; (2) generate support for, and participation in, local anticrime programs; (3) strengthen neighborhood spirit and police-community partnerships; and (4) send a message to criminals letting them know that neighborhoods are organized and fighting back.

Along with the traditional outside lights and front porch vigils, most cities and towns celebrate *National Night Out* with a variety of special citywide and neighborhood events such as block parties, cookouts, parades, festivals, visits from local officials and law enforcement, safety fairs, and youth events. The City of Snohomish is encouraging any neighborhood interested in participating to use the following link to register your event with Snohomish County so the information can then be provided to the police and fire department:

<http://wa-snohomishcounty.civicplus.com/FormCenter/SheriffNatl-Night-Out-26/National-Night-Out-2014-143> Neighborhoods that are registered can expect to have a deputy and fire fighter stop by their event on August 5th between 6 PM and 9 PM.

The Public Safety Commission has also created a Facebook page and everyone is encouraged to visit the page for additional information: <https://www.facebook.com/events/263111560559281/?context=create&source=49>

We look forward to seeing everyone on August 5th!

SECOND STREET ROAD CLOSURE

Second Street from Avenue E to Avenue H will be closed for approximately three weeks beginning Monday, July 28th for the construction of the Second Street Combined Sewer Overflow Separation Project. Traffic will be detoured to First Street and Third Street.

This project consists of the installation of approximately 1,000 feet of 18-inch storm pipe, catch basin structures, and road and shoulder restoration. The pipe trench will be approximately 13 feet deep within some sections of the Second Street roadway. This project will allow the City to separate the stormwater flows from the sewer system in the future which will decrease the flows that are treated at the City wastewater treatment plant. Closing Second Street will allow the construction of this project to be completed sooner and provide public safety.

Thomco Construction, Inc. has been contracted by the City to complete this project. Please expect traffic delays and detours in this area. After this project is completed, Second Street from Avenue D to Avenue H will be overlaid in a separate project that is tentatively scheduled for September 2014.

Please call Tim Cross at 360-282-3193 or Max Selin at 360-282-3196 for any questions.
